

Okada Green Heart: Your Food is Sustainably Made

At Okada Manila, our goal is to prioritize fresh and sustainably sourced produce and ingredients in our signature outlets. Most of the produce we use are locally sourced and grown in the Philippines, ensuring they are fresh, healthy, and organic. We aim to use responsibly sourced seafood and ensure that our eggs and meat come from cruelty-free environments.

As we strive to bring delectable dishes that are healthy and nutritious, we also support various sustainable practices. We have significantly reduced plastic use in our operations, eliminating items such as plastic stirrers and straws. We participate in food rescue programs to minimize food waste and help eliminate hunger in nearby communities. Furthermore, we upcycle materials to contribute to a more sustainable environment.

Enjoy your meal at Okada Manila, knowing it's prepared with sustainability and responsibility in mind.
