

At **Okada Manila** our commitment goes beyond hospitality—we're dedicated to making a positive impact on our planet. The Okada Green Heart program is our heartfelt promise to embrace sustainable practices in every corner of our operations. We're not just reducing waste; we're building a brighter future for our community and the Earth. Together, we're striving to leave a lighter footprint and nurture a world that's greener and more vibrant for generations to come.

## Our Pillars:

**WASTE MANAGEMENT:**  
Turning waste into opportunities for a cleaner tomorrow.

**ENERGY EFFICIENCY:**  
Using smarter solutions to power our future.

**WATER CONSERVATION:**  
Safeguarding our most precious resource.

**TALENT AND COMMUNITY:**  
Growing together for a sustainable world.

**SAFETY, SECURITY, AND WELFARE:**  
Caring for people and the planet.

**RESPONSIBLE GAMING:**  
Playing fair, caring deeply.

## Waste Management Highlight:

# 1.7M

## Single-Use Plastic Bottles Recycled in Okada Manila

### Our Journey:

Since 2022, we've partnered with **PETValue Philippines**, the country's leading bottle-to-bottle recycling facility, to tackle plastic waste head-on.

Thanks to this partnership, we've already recycled an astounding **1,656,400** single-use plastic bottles, transforming them from waste into valuable resources.

## The Impact

From January 2023 to March 2024, we've made significant strides:

**19,600 kg**  
of plastics collected

**1,656,400**  
plastic bottles recycled

## 20% reduction in plastic product footprint

*Every bottle recycled is a step closer to a cleaner, healthier environment for us all.*

## Why It Matters:

Recycling 1.7 million bottles isn't just a number—it's a ripple effect of positive change. Here's what it means for everyday life:

**Powering Homes:** The energy saved could light up around 50,000 homes for a day.

This effort saves approximately 250,000 gallons of oil. **Conserving Oil:**

**Reducing CO2:** We're preventing around 1 million pounds of CO2 emissions from entering our atmosphere.

## Join the Okada Green Heart Movement:

Together, we can make every choice count. Here's how you can join the journey:

**Bring Your Own Reusable Cup or Tumbler**  
Save up to 8 plastic bottles and ₱80 every day.

**Segregate Your Trash (Biodegradable, Non-biodegradable, Recyclable):**

Keep recyclables out of landfills and oceans—every small act adds up.

**Thank you for being part of the Okada Green Heart community.**

Together, we are making a significant impact on our environment, one plastic bottle at a time.
